## Tatted 2016 Doily row 3

Here's row 3! I think this doily works with just this many rows, but I'm going to continue it. I'm having fun adding new colors! I think this would look good in one color, too. Some of the design elements would show up better without the distraction of the color changes, like the three clovers in a row on each side.

For this row I used Lizbeth Orange Crush Color 183 Size 40 thread. The design as shown is approximately 5 inches (16 cm) across when stitched with size 40 thread.

You will need:

Thread in your choice of color and size.  
1 tatting shuttle or tatting needle

ds double stitch  
p picot  
j join  
lj lock join

These articles may be helpful in completing this round.
